

DECEMBER 2009

Electronic Prescribing

- Improve the Quality, Safety and Efficiency of Care
- Create Prescriptions Quickly & Easily
- Reduce Adverse Drug Interactions
- Ensure Correct Recommended Dosages
- Avoid Duplicate Therapy by Checking Histories
- Eliminate Illegible Prescriptions
- Store Common Diagnosis & Prescriptions for Easy Reuse
- Access Patient-Specific Formularies
- Automate Renewal Requests and Authorizations
- Reduce Phone Calls to/from Pharmacies

Go to <http://www.doctorsaccess.com/help/> to watch a short video about Electronic Prescribing and click this icon to register for our next demonstration:

You can attend as many sessions as you would like. They are all Free! Once you register, you will receive an email with login information for each session you select. Already using Electronic Prescribing? Visit our help site and click on "Other Resources" for FAQs and prescribing tips.

Outsourced Billing Service

Is your A/R growing? Need some help?

Visit: <http://www.doctorsaccess.com/revenue-cycle-management.html> for info and to schedule a complimentary analysis of your coding and A/R. Our Medical Billing Services Group can help.

Holiday Schedule

Live Support will be closed December 24, 25 and January 1.
