

# ALERT

>>>>>> A MONTHLY UPDATE FOR FRIENDS AND CLIENTS OF DOCTORS ACCESS

**FEBRUARY 2010**

## **What is a Webinar and how do I attend one?**

Doctors Access hosts free online Webinars each month. A Webinar is a seminar that is held on the Internet (the Web) – “Webinar”. They are informative sessions where you can learn about electronic prescribing, electronic health record, the latest news regarding the government’s stimulus incentives and the latest features and updates to your Doctors Access software. They are like a conference call with the added ability to watch the presentation simultaneously on your computer.

Each month the list of Webinar topics changes. Some popular topics are repeated and are offered multiple times so you can pick the time that works best on your schedule. You can attend as many Webinars as you want.

Go to our website at <http://www.doctorsaccess.com> and click on this button:

You will then see a list of the upcoming Webinars. Click on “Register” for the session/s you want to attend and complete the registration information. You will receive an email providing you with a link that you will click on the day/time the Webinar is scheduled to begin. You will receive reminder emails prior to the Webinar. When it is time for the Webinar to begin, click on the link provided in the email and follow the instructions on your computer screen. You will be provided with a phone number to call into the meeting so you can hear and speak with us and the other attendees.

You can attend a Webinar from any computer that is connected to the Internet. If multiple people from your office want to attend (and they want to attend from their own computers) then each person will need to follow the above instructions regarding registration.

NEXT

Webinars are a convenient way to gather information and see live demonstrations. Due to the Medicare bonus incentives, our **“Electronic Prescribing”** Webinar continues to be our most popular Webinar as more and more offices are beginning to use electronic prescribing.

The Webinar topic **“Practice Management & Billing”** is a great session to attend if you are new to Doctors Access. We cover the basic navigation and feature set of the software.

If you haven’t already registered to attend the **Feb. 4<sup>th</sup> “Electronic Health Record”** Webinar – it’s not too late there are still some seats left!

If any of your friends from other physician offices who aren’t Doctors Access customers want to join our Webinars – **they are welcome!** Please give them our website address and ask them to follow the above registration instructions. For “DA Account number” ask them to type “referred by (your first and last name)”. We’ll send you a little thank you gift for each friend who attends!

If you are **really** into the Internet, you can follow Doctors Access on Facebook and Twitter. Just click on the icons in the footer of our website:

**Have fun!**

If we don’t have your email address, please email us @ [info@doctorsaccess.com](mailto:info@doctorsaccess.com)  
You can receive Alerts to your email address. Give your fax machine a break.
